## 4. RESIGNATION BY THE ORGANIZER

Kaliu - Mediterranean fasting can withdraw from the contract of performing the fasting week when

- the minimum number of participants (4) is not reached or
- the course management fails and no substitute can be found

All amounts paid up to then will be refunded. In addition, there are no further claims.

In the case that a participant does not join the fasting group and does not take part in the obligatory activities several times, he / she can be excluded from the group. In this case, the participant is not entitled to a refund of the costs.

## 5. REQUIREMENTS FOR PARTICIPATION IN THE FASTING WEEK

Fasting and hiking is used for health care and our fasting weeks are for healthy people. The fasting week is led by a trained fasting guide, a medical care is not provided and not necessary for healthy people in the case of a short-term fasting (up to 10 days). For this reason, as mentioned above, before the registration confirmation a fasting questionnaire is sent, which must be filled truthfully. The prerequisite for participation in the fasting week is therefore the physical fitness and health of the participant for fasting and hiking.

## 6. LIABILITY, LIMITATION OF LIABILITY

The course management is responsible for the proper provision of the contractually agreed care. In the case of simple negligence, the course management is only liable to the participant if essential contractual obligations have been breached (cardinal obligations).

Incidentally, the pre-contractual, contractual and non-contractual liability is limited to intent and gross negligence. The participant bears full responsibility during the entire fasting week and confirms that he is adequately insured. The cost of a return transport or rescue service due to injury during the walks is borne by the participant.

## 7. SEVERABILITY CLAUSE

If the contract or a part thereof is or becomes invalid or void, or if the contract contains omissions, the contract remains otherwise effective. From the place of the ineffective or void provisions or the gaps, such a provision comes into force, which correspond to the legal regulations and come closest to the economic interests of both sides.
